UPC	605194004706

MCC3A Charge Cart

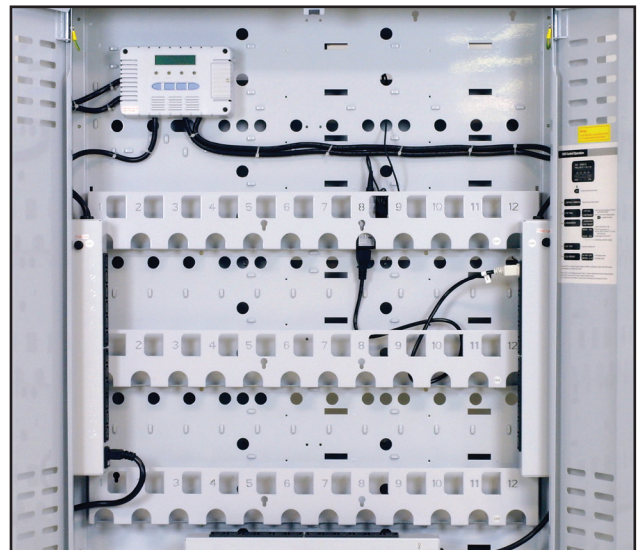

Ample bay size and movable shelves makes loading and operating this cart easy. The cart is shown above loaded with a Chromebook for storage and charging. Chromebook not included.

Four outlets and OFF/ON Switch

Power cord bracket winder

The rear compartment has shelves with bays to place the Chromebook power adapters and guides to route the wires. This cart can handle 36 Chromebooks or Netbooks. A special sequencing power system handles the charging load so that only a single external power outlet is required. A user never has to be concerned about power line overloading.
