Register your Product
Registering your warranty ensures we have all the information we need to make any future warranty claims quick and easy. Please visit *www.copernicused.com/warranty* and complete the form within 10 business days from product assembly. By registering your product, you will be entered into a draw to win Copernicus product.

Make a Warranty Claim
We offer a Lifetime Warranty on almost everything we make. Please call *1-800-267-8494* or email *info@copernicused.com* to start your warranty claim. Proof of purchase will be required upon warranty claim (i.e. copy of invoice).

Warning! Hazard Risks!

Please read the warnings below for important safety information regarding your product. Failure to read these warnings or to follow the instructions below could result in personal injury or damage to your product that could void your warranty.

Small Parts

In its unassembled state, this product contains parts that can be hazardous to small children. This product should be assembled by an adult.

Adult Supervision

This product is to be used under the supervision of an adult.

Indoor Use Only

This product is intended for indoor use only. To reduce the risk of fire or electric shock, do not expose this product to rain or moisture. The internal components are not sealed from the environment.

Power Strip Specifications

Read your power strip electrical specifications. Only plug in devices that are approved for use with this power strip. Connect the supplied power strip directly to a wall outlet. **Do not connect to another power strip or use an extension cord.** Unplug when not in use. **Do not leave this product plugged in for more than 72 consecutive hours.** Turn off power strip before unplugging.
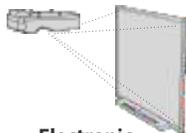

Electronic Equipment

Read the electrical specifications of any electronic equipment you are using with your Copernicus products. Failure to read these specifications and follow their instructions could result in damage to your equipment or personal injury.

Cable Trip Hazard

Ensure that any cables extending across the floor to your product are properly bundled and marked to avoid tripping or falling which may lead to personal injury.

Electrical Shock

Do not install or use the electrical components of this unit during a lightning storm.
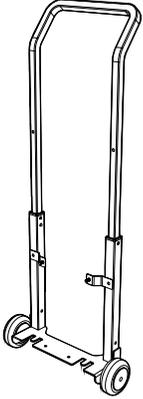

Climb Hazard

Do not climb on, hang from or suspend objects from any components of your product unless otherwise specified.

Tips for Assembly

Watch for These Helpful Symbols

● Watch for this symbol throughout the Assembly Guide. Wherever you see it, pay close attention. The symbol denotes a step needing extra attention to ensure it is done correctly.

!

● The star symbol highlights an advisory note.

★

Before You Begin

● Lay out and identify all of the included parts.

● The hardware has been packed together in one bag.

● Read the assembly guide over once to familiarize yourself with them.

! Please note that in its unassembled state, this product contains parts that can be hazardous to small children. This product should be assembled by an adult.

As You Assemble the Unit

● Follow the steps in sequence.

● Before beginning each step, find the part(s) that you need for that step.

● Pay attention to the labels on the parts; they are there to help direct you at certain stages.

● The title of each step states what you will be doing. Review the text and the pictures as you build the unit.

## Connect the UV Tech Tub to the 6 Device Tub.

**1** Flip up Locking Tab and Open side Flip Locks on 6-device tub

2 Insert back feet of UV Tech Tub into slot on top of 6-device tub

3 Insert front feet of UV Tech Tub into holes on top of 6-device tub

4 Connect tubs using side Flip Locks

! Do not connect more than three Tech Tub² or UV Tech Tub

Before operating the UV Tech Tub, remove it from the trolley and place on a surface that is at least 30" above the floor.

Do not place the UV Tech Tub on the floor.

This is to prevent accidental collisions that can cause damage or injury from impact and tip over.

5 Open the front door of UV Tech Tub and slide locking pin through metal tab

6 Close and lock front door of UV Tech Tub to secure
