

**fact!**  
 With **built-in WiFi**,  
 up to **9 different devices** can cast to the display at once!

## 40 points of touch, 4K image, plus USB-C.

To put it simply: it's our most interactive touch panel, with the sharpest image yet.

We **increased the screen to 40 points of touch**, making **BundleBoard H** more intuitive and interactive than ever – even when multiple hands interact with the panel. The **4K screen** delivers an **ultra-sharp image** worth focusing on, whether from up close or across the room. And this year, we made the screen even more responsive, adding **USB-C**, a powerful two-in-one wonder cord that **transmits display and touch simultaneously**.

### pairs well with others.

The **BundleBoard H** is the hub where QOMO collaboration technologies come together. **Wireless doc cams, interactive podiums, and conference cams** all pair seamlessly with the BundleBoard H.

### ✓ What Sets Us Apart

**designed with you in mind.**

#### CUSTOMIZABLE HOME SCREEN

Change your wallpaper, input names, "my apps," and focus-of-the-day **easily and intuitively**. Access what you need directly from the home screen.

**it's a tool chest.**

#### 32GB OF STORAGE

Easily contains all of your apps and content with 32GB of storage. Now with more tools to increase engagement, including **Instant Poll, Whiteboard, Screen Record, Timer/Countdown, Share to Cloud** and more.

**rugged and built to last.**

Never worry – BundleBoard's **high quality metal frame** and **tempered glass** can take it. Made for any public space, including classrooms, conference rooms, and lobbies.

## ultra HD 4K resolution.

### 4 TIMES MORE RES THAN FULL HD

**Sharper, crisper, clearer image** – whether you're streaming live or watching a recording. From the front of the room all the way to the back, everyone sees the same clear image.

## IT-friendly.

### PARTNER WITH RADIX VISO MDM

IT managers have a comprehensive platform to centrally and easily manage touch panels and devices with remote access. **Push updates, display messages and alerts, and more.**
